

Workplace Safety Pledge

I understand that maintaining safe conditions in our workplace is everyone's responsibility, including mine. When I observe unsafe conditions or behaviors during my daily routines, I understand that I must take action and report what I see to my immediate supervisor. I personally promise to never take shortcuts at the expense of safety, and now pledge to make our workplace an even safer place.

I personally pledge to improve workplace safety by taking these specific actions (check all that apply to your office):

- Identifying and immediately reporting hazardous conditions that could harm my co-workers.
- Always wearing appropriate safety apparel for the task at hand.
- Always following instructions and proper procedures when operating a piece of equipment.
- Alerting my supervisor when I see the first aid kit supplies are running low.
- Understanding my evacuation plan in case of fire or other emergency.

Please list any additional measures you pledge to take to improve your workplace safety:
